

Cable P/N C2015

Cisco 3640 (CISCO) to Sensorsoft Device (SSD)

Cisco 3640 (RJ45)

Sensorsoft Device (RJ45)

| | | | | |
|---|-----|--------------|----------|---|
| 6 | TX+ | white-green | RX | 1 |
| 3 | RX+ | white-orange | TX | 3 |
| 7 | DTR | white-brown | POWER +V | 7 |
| 8 | RTS | blue | POWER +V | 4 |
| 4 | TX- | green | GND | 2 |
| 5 | RX- | white-blue | GND | 5 |

This cable allows a Sensorsoft device to be connected to a Cisco 3640 Async Serial Router. Orange and brown wires are removed on CISCO end of cable. The cable jacket colour is light gray. Each end of the cable has markers to prevent misplugging.
